Add smart lighting with custom scenes to your home without special wiring!

11020-30

Uplight 2-LED Strips 18W 1500LM 2700K 90CRI incl.

Ambient Light 5-60W C (not incl.)

Downlight 2-LED 8.3W 475LM 2700K 95CRI Modules with 10° beam spread*.

42" L x 10 3/8" W x 23 5/8" - 65" H

Includes 90° swivel, 6-12" stems, 2-6" stems and 2-3" stems.

*Utilizes Soraa Snap System™. Optional 60° lenses included. Other lenses available.

Featuring Our Unique **SCENE MASTER™** Technology

Combine three layers of light to create multiple scenes from a single chandelier without any additional wiring.

UPLIGHTING

AMBIENT LIGHTING

DOWNLIGHTING

OVERVIEW

This chandelier with SCENE MASTER™ technology has three distinct layers of lighting including indirect LED uplighting, LED downlighting and ambient lighting. Each layer of lighting can be controlled independently or mixed together to create countless lighting scenes. The SCENE MASTER™ technology requires no additional wiring, just a single circuit. We incorporated the wireless technology directly into the fixture by installing three Lutron Casèta dimmers into the canopy of the chandelier.

INTEGRATION

The SCENE MASTER™ technology can be controlled by up to ten Casèta Pico remotes and works with countless smart home devices including Amazon's Alexa, Google Assistant, Apple HomeKit, Nest, Sonos, Samsung SmartThings, and Hunter Fans.

Casèta Pico 3-Scene remote included

OPTIONAL FEATURES

Use the SCENE MASTER™ technology to control the chandelier from anywhere in the world when you have internet access. Simply download the Lutron app and connect with the optional Casèta Smart Bridge (not included) then use your smartphone or tablet to control the device. Turn the chandelier on and off to give the appearance that someone is home while you are away. Activate voice control using Apple HomeKit, Amazon's Alexa or Google Assistant to change scenes or turn the fixture on or off.

RECESSO

RECESSED LIGHT
SHADES

Updating your space has never been simpler or more economical.

By covering recessed lights with Recesso fixtures, you can transform the décor without sheetrock or electrical work.

Recesso decorative trims are hung from the ceiling around existing or new recessed lights, using our patented universal ceiling locking ring. The ring fits around 5" to 6" recessed lights, almost any make or model, standard or retrofit.

RECESSO MOUNTING MADE EASY

INSTALLS IN TWO SIMPLE STEPS

Transform any recessed light using our patented ceiling locking ring and any of our Recesso recessed light shades.

STEP 1

Mount locking ring to the ceiling around any recessed light with three screws or molly bolts.

STEP 2

Twist and click your new Recesso shade into place.

Simply twist off to re-lamp or replace with a new Recesso shade.

Twist and lock

RECESSO - RECESSED LIGHT COVERS

Works with most 5" to 6" recessed lights.
Simple elegant solution that installs in minutes.

RECESSED - LIGHT CONVERTER KIT

Hang any new fixture in four simple steps

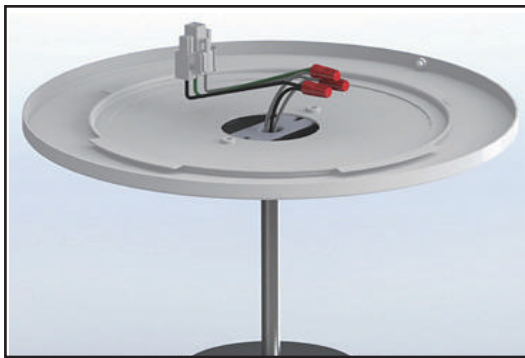

STEP 1

Attach Ceiling Ring™ with screws around your recessed light

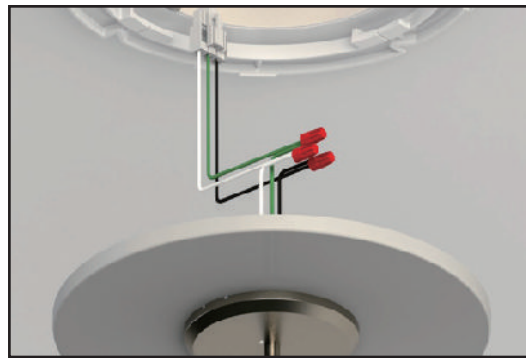

STEP 2

Remove your light bulb and screw in Quick Connect™ socket adapter

STEP 3

Attach your light fixture to cover plate and connect to the Quick Connect™ plug

STEP 4

Plug it in and twist.
Tighten set screw to lock in place.

Model: 10570-05
11 1/4" W x 3/8" H

- Easily installs around most existing or new 6" or smaller recessed lights
- Universal patented ceiling ring mounts to any ceiling.
Hang any fixture up to 45 pounds using this unique system.
- Hang pendants, chandeliers, track lighting, ceiling fixtures and ceiling fans.

CEILING MEDALLION

CHAIN AND WIRE:

- *All single tier chandeliers ship with 6 feet of chain and 7 feet of wire.
- *All multiple tier chandeliers ship with 6 feet of chain and 9 feet of wire.

SPECIAL MOUNTING INSTRUCTIONS:

Where noted, the weight of the fixture must be supported independently of the electrical box or the electrical box must be UL listed to support the fixture weight. Consult a qualified electrician. Necessary mounting hardware is included.

ENERGY SAVING: Items highlighted in **green** are energy saving fixtures with integrated LED modules.

CAN I USE LED BULBS?

Yes, you can use LED bulbs with any medium base or candelabra base fixtures in this catalog. Just make sure that the LED bulbs aren't physically larger than the recommended incandescent bulbs. Also, make sure that any LED bulbs that you use in enclosed fixtures are rated for use in enclosed fixtures.

WHAT ABOUT DIMMING?

- *All of our fixtures that ship with integrated LED modules are dimmable (shown highlighted in **green** in the index).
- *Incandescent bulbs used in any of our fixtures that call for medium or candelabra base bulbs are dimmable.
- *LED bulbs in any of our fixtures that call for medium or candelabra base bulbs are dimmable IF the bulbs are dimmable bulbs. (Not all LED bulbs are dimmable!)
