## JANUARY 2020 INTRODUCTIONS

As we enter our fifth decade in the lighting world, Kalco Lighting is embarking on a whole new chapter. In 2020, you'll see a fresh approach — new products, new styles and new ways of thinking about lighting and our brand.

Our latest product offerings are your first introduction to the exciting developments to come this year. We have expanded our 2020 product line to include Mid-Century Modern, Coastal, Industrial and Contemporary styles that continue to top the trend lists. Serving the needs of our customers has always been our passion, and our new products reveal both a willingness to embrace our legacy in artisan-made lighting and a design-driven culture that values inspiration, innovation and sustainability.

The details of each fixture in this catalog begin to tell the story of Kalco — world-class finishes, rich alabaster domes and artisan glass, including unique Fresnel patterns and shapes, which are meant to stand the test of time. Energy and environmental considerations have further reinforced our commitment to developing more lighting fixtures equipped with the latest LED technology. And consider the stunning statement pieces in our exclusive The Hollywood Reporter Home Collection, designed to capture the glamour of the world's entertainment capital, yet another chapter in our evolving story.

Whether a customer is looking for a hand-crafted chandelier to elevate a dining space or specifying an entire lighting scheme for a new build, Kalco Lighting offers something to brighten every space.

# PORTLAND

Fresnel glass is the star of the Portland Collection, which offers options perfect for the kitchen, powder room, mudroom and more. The schoolhouse vibe of this collection in both globe and oval shapes is easy to coordinate in any transitional setting. Portland is available in Polished Nickel (PN) and Winter Brass (WB).

# CANTERBURY

The Canterbury pendant is reminiscent of a modern heirloom, juxtaposing rich, organic alabaster with a warm Winter Brass (WB) finish. The substantial, spherical stone diffusers are hand-carved and illuminated by dimmable LEDs from within, highlighting the depth and natural veining of each unique piece. Canterbury would look even more stunning installed in a pair.

# SUSSEX

A play on dimension and negative space, the Sussex Collection pairs a horizontal split glass encasement with a vertical split frosted glass globe on the interior. Inspired by Mid-Century Modern design styles, Sussex's Polished Nickel (PN) & Winter Brass (WB) finish would pair well in transitional or contemporary interiors. G9 LED lamps are included.

# LENNOX

Lennox takes the modern globe pendant to new levels. Available in three finish options — Polished Nickel (PN), New Brass (NB) and Matte Black (MB) — its dimensional metal framing detail gives the pendant substantive length, making it a great quality option for kitchen islands, counters or even a foyer.

# CARSON

Linen pendants make a statement in the Carson Collection. A Polished Nickel (PN) frame with subtle belting contrasts the warm drum shade. Both shallow and deep lengths allow for versatile installations for this transitional collection, which has a nautical feel but would fit into many interior styles.

# ASCHER

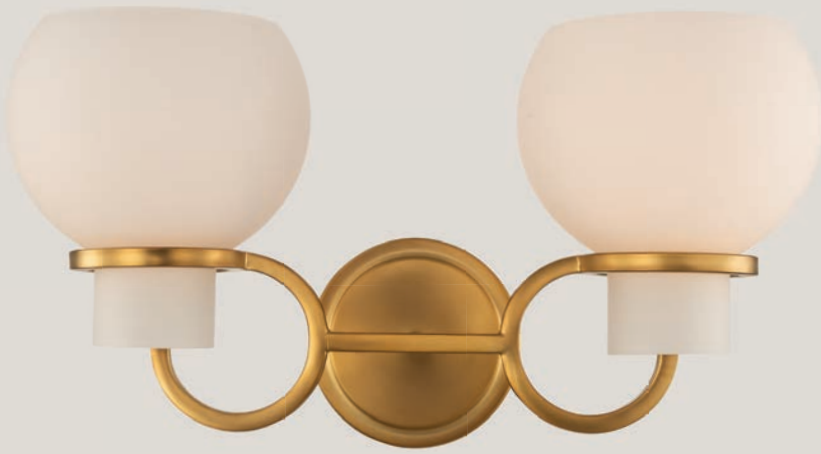

The Ascher is a traditional hurricane collection that has been updated for sophisticated 21st-Century interiors. Double ring details in the Winter Brass (WB) frame hold the Frosted Opal glass hurricanes. This collection, which comprises three chandeliers and two sconces, follows the Kalco Lighting tradition of function and beauty in harmony.

# EVERETT

Inspired by classic Mid-Century modern designs, the Everett Collection's glass globe diffusers marry well with its delicate Polished Nickel (PN) frame. Each globe sits gently upon an elegant metal ring, which highlights its soft, ethereal light. While the sconce is stationary, the island and foyer fixtures feature a swivel joint body which allows for custom adjustment of the arm position.

# REDDING

LED light's capabilities are showcased in the Redding Collection, where floating discs are uplit with no visible light source. Brass cups holding the LEDs illuminate the discs to deliver soft indirect light to your space, while the white interior of each shade adds even more brightness. The fixtures in this collection are dimmable with a Triac dimmer switch.

# PONTI

In the Ponti Collection, Mid-Century Modern design shines. The two-tone Matte Black/New Brass (BNB) finish refreshes this antique-inspired silhouette, while clear glass highlights the charm of the candelabra bulbs. Ponti comes in sconce, vanity, flush mount and chandelier options, ready to brighten up your living room or bathroom.

# OPTIKA OUTDOOR

An illusion in lighting design: The Optika outdoor sconce is inspired by industrial vapor-proof glass, without the glass. The LED downlight is softened by an anti-glare honeycomb louver, and the contemporary silhouette creates a dramatic design element on a home's exterior. Optika is finished in Matte Black and available in two sizes — small and large.

# DREW OUTDOOR

Inspired by industrial cooling fins, the Matte Black (MB) Drew Outdoor Collection radiates light from driverless LEDs. An unassuming frame offers stark contrast from day to night, and the single light version can be oriented for Dark Sky applications.

# CANDELERO OUTDOOR

The minimalist form of the Candelero outdoor sconce, available in small and large sizes, features an on-trend combination of Matte Black finish with White accents for a contemporary look in sophisticated exteriors. The sconce's look — with a metal shade and designer style — brings the sophistication of an interior light outside. Dual LED light sources on the sconce can light up steps or address numbers.
