ARTISANS OF THE LIGHTING INDUSTRY

Since 1930, Quoizel has made it a practice to keep in step with evolving fashion trends in home décor and interior design around the world.

As an industry leader in home lighting for over 80 years, we at Quoizel repeatedly offer successful product lines ranging in style from traditional to contemporary, keeping hand-crafted artistry, cutting-edge innovation and enduring quality at our very core.

Dear Friends,

We can't wait for you to peruse our 2022-2023 Full Line Catalog and see our newest decorative lighting and mirror introductions. Our mission is to help you beautify your living spaces and we hope our products help to achieve this goal.

Our in-house design and marketing teams work year-round to understand today's trends in home furnishings, residential architectural designs and overall fashion. We believe that our product lines embody all three elements as well as offer fresh innovative looks. The advanced technology of LED lighting plays an important role in decorative lighting and you will not be disappointed with our fully compatible product line.

Outdoor living spaces continue to be important and we are pleased to offer a myriad of new damp and wet location lighting fixtures to enhance your outdoor décor.

On behalf of the entire Quoizel team, we thank you for your loyalty and friendship and for making our products part of your home.

Sincerely,

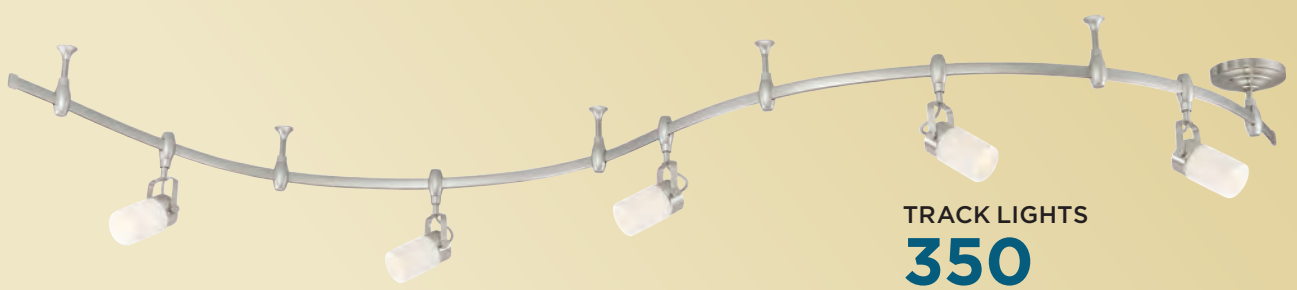

A handwritten signature in black ink that reads "Rick". The signature is written in a cursive, flowing style.

Look for these logos throughout this catalog to find fixtures with design and material characteristics that are unique to Quoizel.

Platinum by Quoizel is an exciting platform of contemporary design — playful and dramatic expressions in lighting. This lighting design style is sleek and striking, creating a captivating effect through the intensity of light. The Integrated LED fixtures in this collection utilize energy-efficient light sources to offer a fresh way to illuminate contemporary light schemes.

Coastal Armour is constructed of a composite material tested to withstand the elements. With a core-strengthening ingredient of natural quarry stone crushed to a fine powder and then mixed with a powerful blend of latex and adhesives, Coastal Armour by Quoizel creates the next generation of products by using a material of extraordinary strength, durability, and beauty. Coastal Armour has been expanded to also include die-cast aluminum, aluminum and galvanized steel materials that use high-end marine grade paint and pass 800 hour UV and salt/spray tests. The hardware is galvanized steel or brass.

Constructed of copper or brass materials, these fixtures have a unique look. Outdoor exposure will naturally patina both materials over time, adding an antique character to the copper and brass.

QUOIZEL NATURALS

Quoizel Naturals are functional and attractive lighting products that are designed using the abundance of beautiful materials found in our natural world.

INTEGRATED LED

For the purpose of this Catalog all Integrated LED fixtures are listed as “Integrated LED”.

CRI

CRI (Color Rendering Index) measures how colors look when illuminated by an LED light source compared to natural sunlight. The scale goes from 0-100, with 100 representing a perfect score.

KELVIN TEMPERATURE

Kelvin Temperature is a measurement of the color of light given off by the light source. As it applies to LED lighting warm white lighting is 3,000K or less, cool white lighting is 3,100K to 4,500K, and daylight is 4,600K to 6,000K.

Warm White 2,000K - 3,000K

Neutral White 3,100K - 4,500K

Cool White 4,600K - 6000K

TOTAL LUMENS VS. DELIVERED LUMENS

What’s the difference between total lumens and delivered lumens? It’s an important question to answer when evaluating LED light fixtures so you know the amount of light that is available to light an area.

Total lumens measure the amount of light *emitted* from the LED module. This figure does not take into account reduction from light filtering through the LED lens, shade or glass.

Delivered lumens is the measure of light *through the fixture lens, shade or glass*. Delivered lumens will be less than total lumens due to the lumen reduction through the decorative glass or shade over the LED. Delivered lumens provides a more accurate measure of the light available for the space than total lumens.

BULBS

Bulbs are not included unless otherwise noted. Wattages stated are the maximum allowed, however, you may use lower wattage lamps to suit your lighting needs.

DIMMERS

Dimmable integrated LEDs use either an ELV dimmer switch or a CL dimmer switch. Please refer to the product specifications sheet for the correct switch to use.

ELECTRICAL

All wired fixtures are rated at 120-volt AC unless otherwise noted. All wired fixtures are cUL or ETL listed unless otherwise noted.

LOCATION RATING

All chandeliers, flush mount, semi-flush mount and bath fixtures are listed for use in “Damp” locations. All outdoor hanging fixtures are listed for use in “Damp” locations. All outdoor wall and post fixtures are listed for use in “Wet” locations.

MAX HEIGHT

Max height for all hanging fixtures varies, refer to individual product specifications. Additional rods and chain are available for purchase, please contact your local sales representative.

NATURALS/TIFFANY

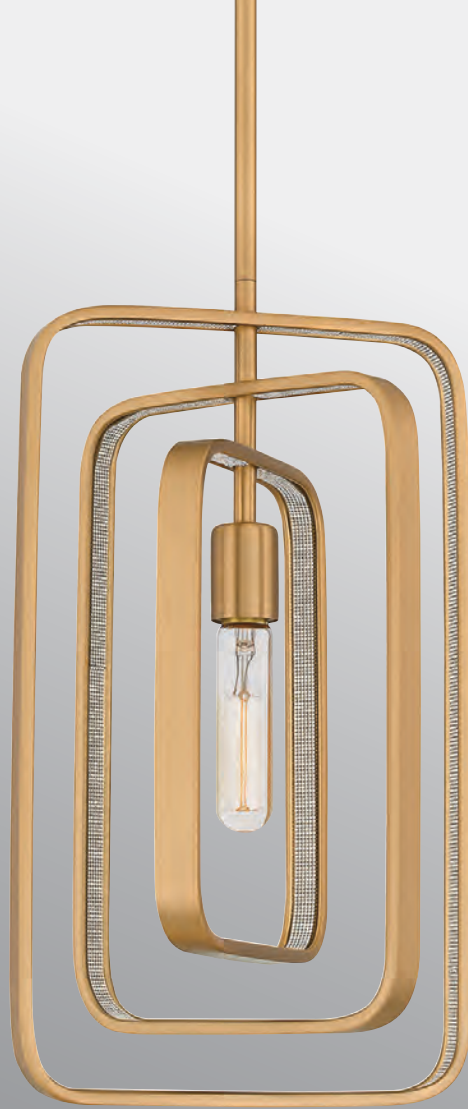

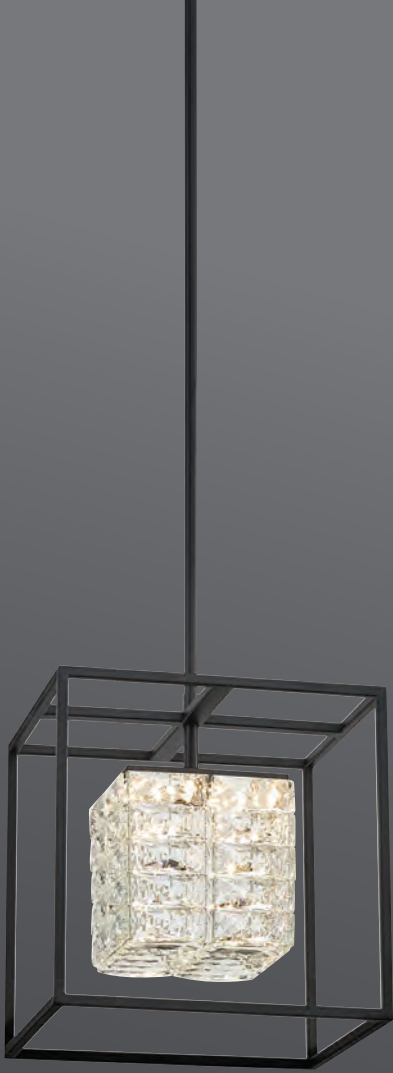

Natural materials are perfect for those seeking the aesthetics of natural variations. Due to its uniqueness, the material may vary from pictured items. Glass color in Tiffany lighting products vary in color. No two pieces are identical. Metal finishes will naturally mature and patina over time, changing in appearance and creating a living finish.

AVIARY

Finish: Palladian Bronze

Industrial, ironclad elements reveal a surprisingly airy aesthetic in polished nickel or palladian bronze. The Aviary chandelier, available in a variety of sizes, instantly enlivens dull spaces with a bold, angular shape, exposed candles and thick chain suspension. Free of superfluous scrolls and flourishes, Aviary speaks to simplicity of design rooted in farmhouse craftsmanship.

CONCHO BAY

Finish: Matte Black

Matte black sets the tone for simple yet radiant style in the Concho Bay light, available as a semi-flush mount or pendant. Brass-tone candle covers infuse warmth and contrast in this modern design or create a monochromatic look with black candle covers instead. Open framework ensures the effect is playfully geometric, never heavy.

AINSDALE

Finish: Painted Brass
or Matte Black
Shade: White Linen

The Ainsdale series is polished and refined. Featuring gooseneck arms and three drum shades in white linen, this pendant, also available as a semi-flush mount, comes in your choice of two sophisticated finishes. Matte black creates a classic monochromatic palette, while painted brass offers a gleaming base.

CEILING LIGHTS

BRUNSON

Finish: Aged Brass
or Brushed Nickel

In aged brass or brushed nickel, the Brunson flush mount sets the stage for a slim, industrial styled silhouette. This piece adds polish — and enchanting ambient light — to entryways. Add in vintage style bulbs (not included) for a dash of retro-inspired flare.

BECK

Finish: Earth Black
or Brushed Nickel
Glass: Clear

The Beck flush mount radiates mid-century vibes with its angular shape and choice of earth black or brushed nickel finish. Use this utilitarian design in a range of spaces: mud rooms, laundry rooms, entryways, powder rooms, and more. Add in vintage bulbs (not included) for a subtle touch of industrial styling.

MANZEL

Finish: Brushed Nickel
or Matte Black

The Manzel flush mount puts a contemporary spin on industrial design. Sleek curved lines encircle three exposed bulb sockets to form a one-of-a-kind geometric cage design. Matching knob details throughout the metal bands add a layer of dimension and style. Choose from either brushed nickel or matte black — and add in vintage filament style bulbs for extra flair.

AINSDALE

Finish: Painted Brass
or Matte Black
Shade: White Linen

The Ainsdale series is polished and refined. Featuring gooseneck arms and three drum shades in white linen, this semi-flush mount, also available as a pendant, comes in your choice of two sophisticated finishes. Matte black creates a classic monochromatic palette, while painted brass offers a gleaming base.

BALSAM

Finish: Matte Black
or White Lustre
Shade: Metal

With its quatrefoil shape and bold finishes, the Balsam semi-flush mount alludes to Parisian style — simultaneously classic and avant-garde. Available in a matte black finish or a white lustre colorway, this design makes a statement in entryways. Its low-profile silhouette is also ideal to create stylish lighting in spaces with lower ceilings.

ROWLAND

Finish: Matte Black
Glass: Clear Outside with
Sandblasted Inside

A dual glass shade gives Rowland — available as a mini pendant, chandelier or semi-flush mount — depth and visual intrigue. Outside, clear glass creates a classic aesthetic. The inner shade, made of sandblasted glass, creates a warm glow that complements Rowland's matte black finish.
