The image features a complex, abstract lighting fixture composed of multiple intersecting, gold-colored rectangular bars. The bars are arranged in a way that creates a sense of depth and three-dimensionality. Some bars are illuminated from within, casting a warm, golden glow, while others are unlit. The background is a light, neutral color, which makes the metallic structure stand out. The overall aesthetic is modern and architectural.

MOTION SENSOR OPTION

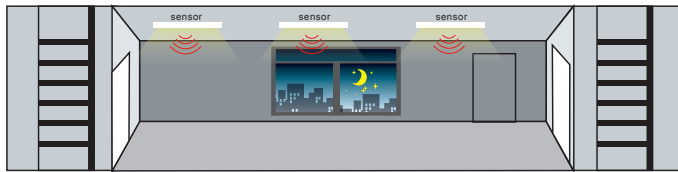

Bi-Level Motion Sensor option (-MS)

- Built-in daylight sensor
- Detection area, time delay, dimming level, and daylight threshold can be precisely set via DIP switch
- Wide detection area, range up to 50 ft. max

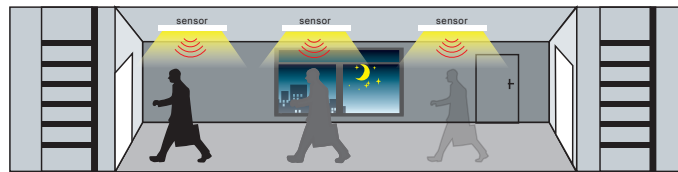

How Motion Sensing Works

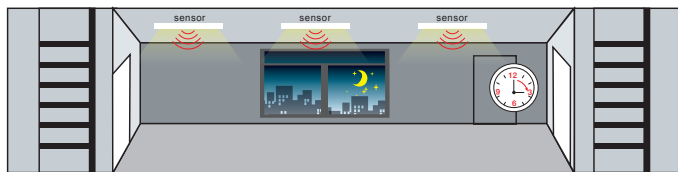

With sufficient light, the fixtures will not switch on.

With insufficient light, the fixtures turn on at desired dimming level (10% - 50%).

When motion is detected, fixtures switch to full light output.

After standby period of no motion, fixtures return to desired dimming level (10%-50%).

TRANSMITTING POWER	<0.5mW
POWER CONSUMPTION	≤0.5W(standby), <1W(operation)
DETECTION ZONE	Max.(DxH): 16m x 15m
DETECTION SENSITIVITY	10% / 50% / 75% / 100%
HOLD TIME	5s / 30s / 90s / 3 min/ 20 min /+∞
DAYLIGHT SENSOR	2lux / 5lux / 10lux / 25lux / 50lux / 1h/ +Disable
STAND-BY PERIOD	0s / 5s/ 5min/ 10min / 30 min / 1h / +Disable
STAND-BY DIMMING LEVEL	10% / 20% / 30% / 50%
MOUNTING HEIGHT	15m Max.
MOTION DETECTION	0.5-3m/s
DETECTION ANGLE	150° (wall installation), 360° (ceiling installation)

With sufficient light, the fixtures will not switch on.

With insufficient light, the fixtures turn on at desired dimming level (10% - 50%).

When motion is detected, fixtures switch to full light output.

After standby period of no motion, fixtures return to desired dimming level (10%-50%).

Custom Capabilities

Making your vision a reality.

At AFX, we appreciate that every space and application is unique to each designer's vision. To accommodate flexibility and creativity, AFX product lines are engineered with the idea that they can be customized to satisfy each client's project requirements.

If you don't see the exact solution from among our standard product offerings, AFX gives you the freedom to create your own lighting solution. From stock to modifications to full custom, we offer numerous options to meet your specific needs. To support projects requiring quick turnaround, we also maintain sufficient inventory levels on many items to meet job quantity requirements. For custom fabric and finish options please consult factory.
