INSPIRATION GALLERY

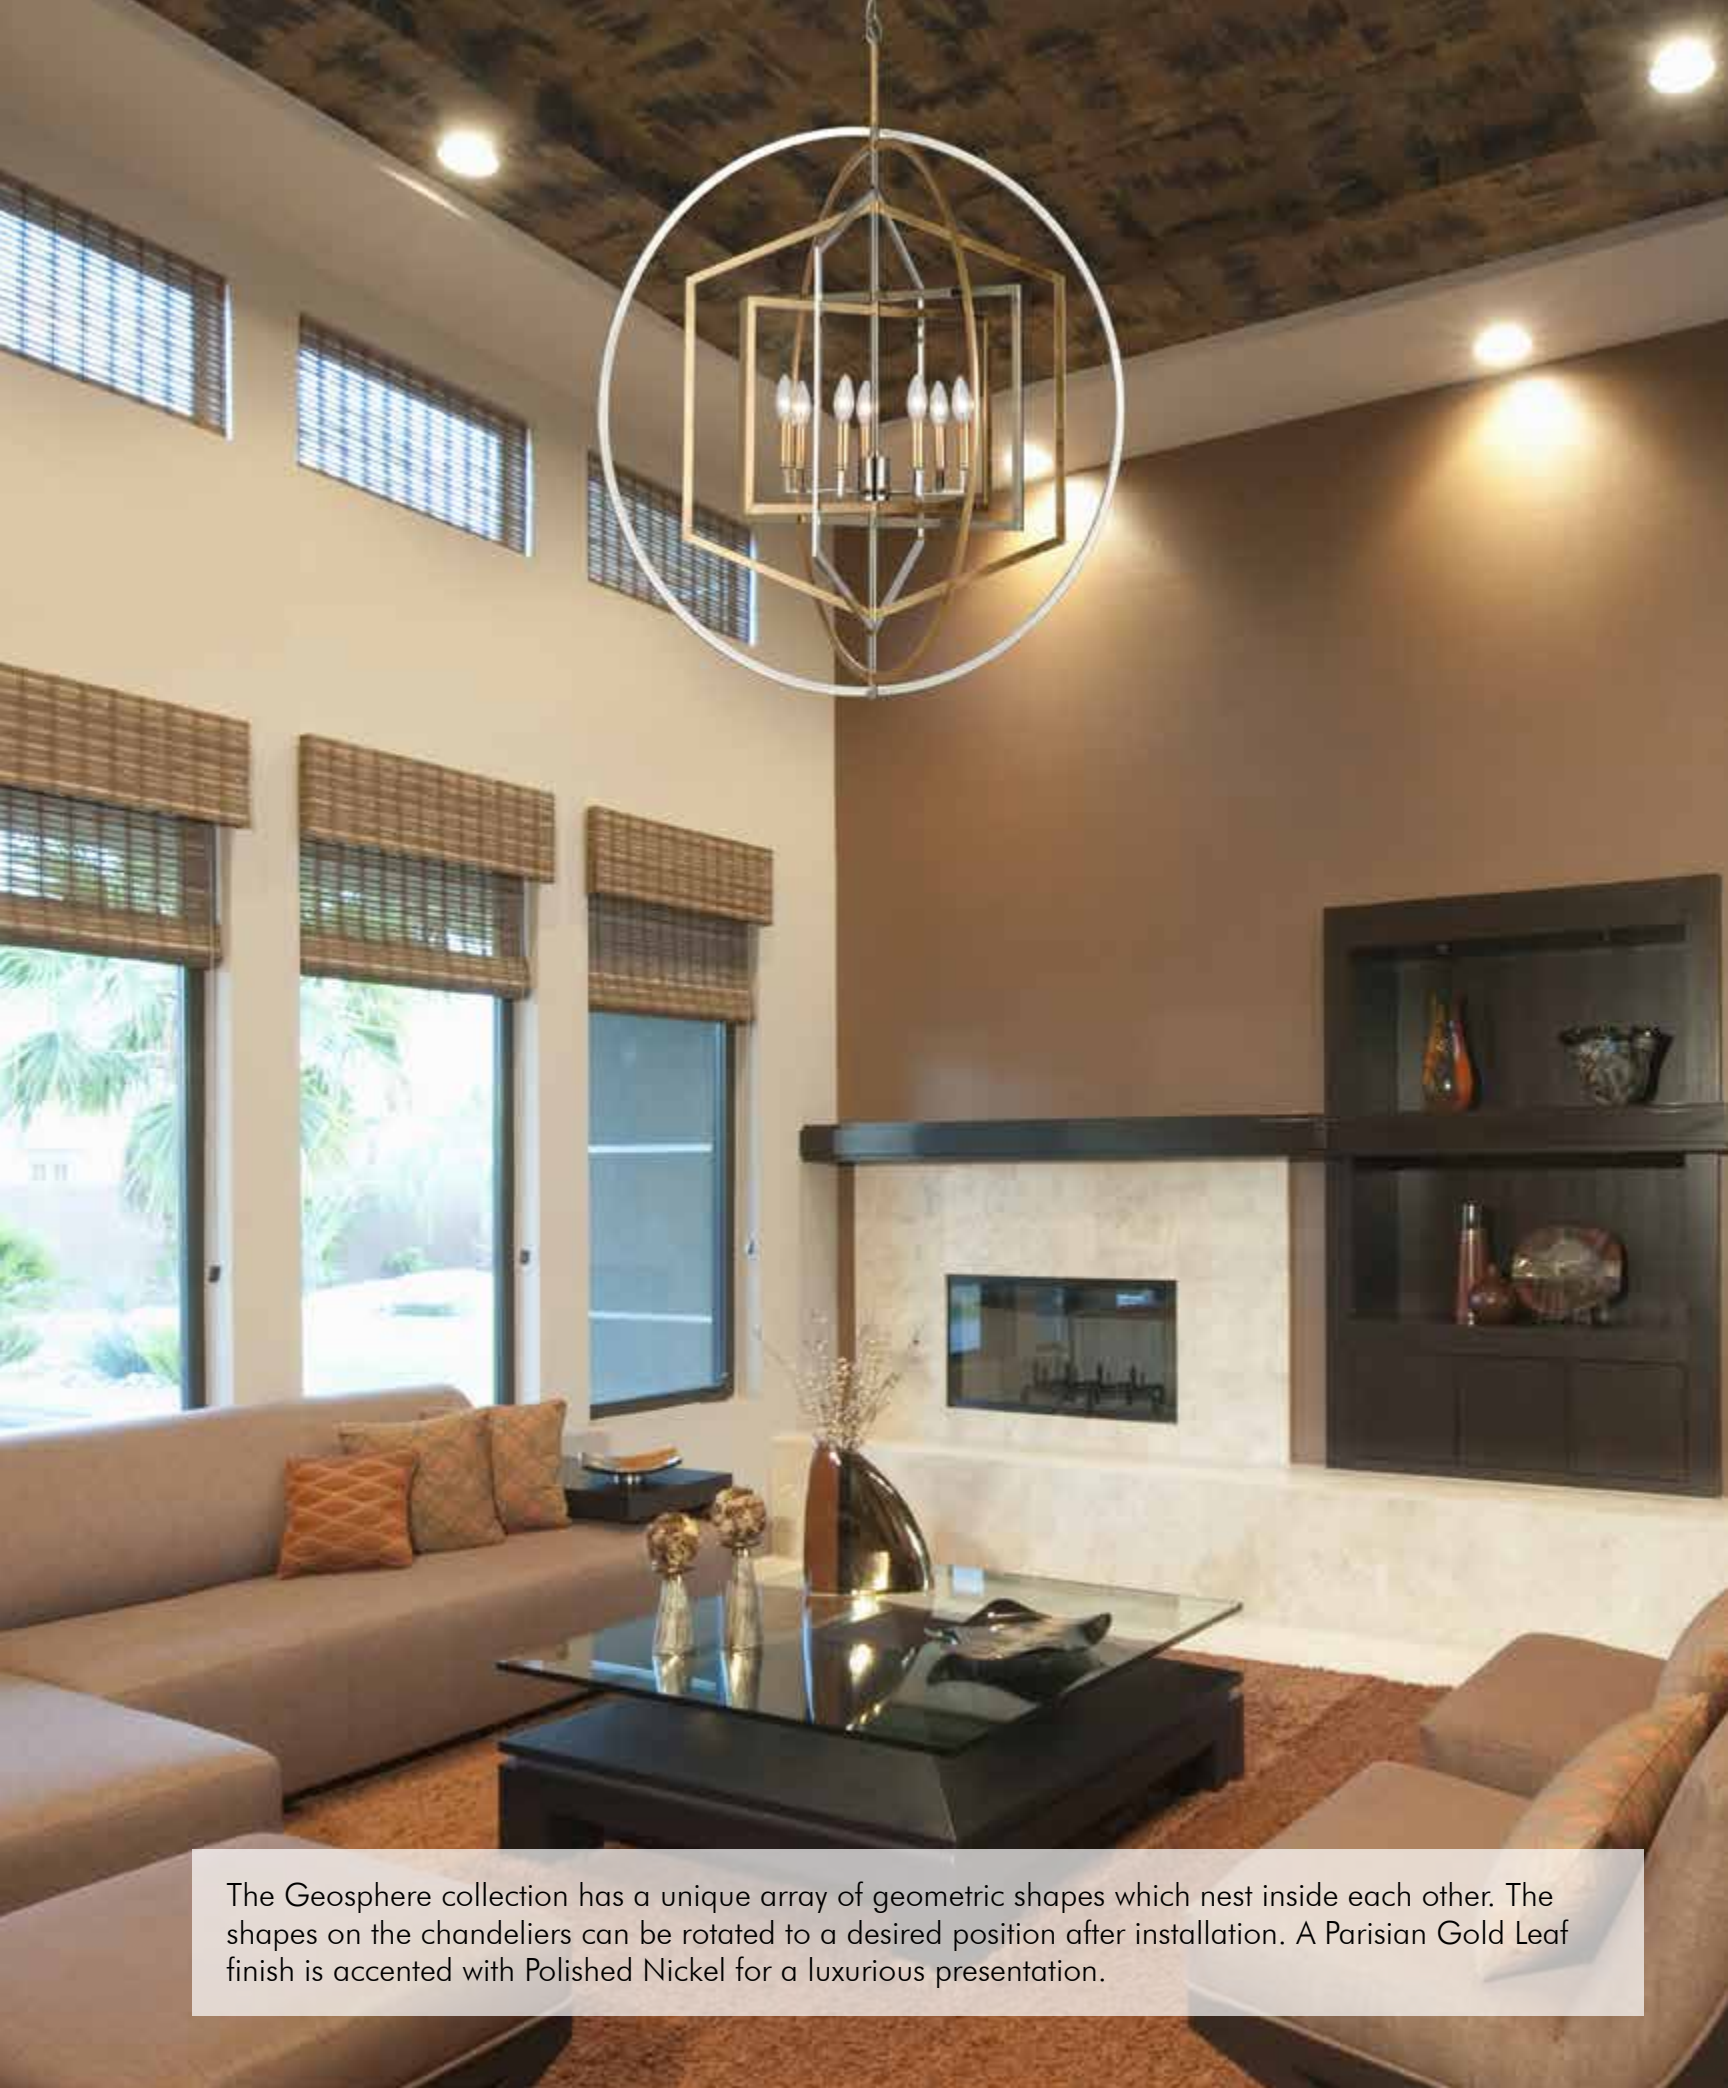

The Valante collection exudes sculptural mid-century style with off-angle intersecting arms which hold tapered clear glass cylinders. The Satin Nickel finish is adaptable to a variety of décor.

The Talia collection features a dynamic ring design, with dual candle assemblies nested between two rings. The candle hardware is finished in Satin Brass which stands out against the Oil Rubbed Bronze frame.

The Woodbridge collection combines solid wood with complimenting metalwork. The aged look of the Weathered Oak finished wood coordinates with the Matte Black/Aged Brass finish.

The Geosphere collection has a unique array of geometric shapes which nest inside each other. The shapes on the chandeliers can be rotated to a desired position after installation. A Parisian Gold Leaf finish is accented with Polished Nickel for a luxurious presentation.

Cylindrical seeded glass compliments the Melinda vanity light's tall proportions and sleek styling. A Polished Chrome finish adds a touch of modernity.

The Golden Pasture pendant gives off a warm hue through its wispy golden texture and hardware finished in Satin Nickel.
