CALIFORNIA CASUAL

California Casual is a nod to traditional design while maintaining clean lines and an updated look. This decorative style creates luminous spaces with unique pieces that are crafted from the finest ceramics, metals, and blown glass. This design theme is enhanced with on-trend finishes and accents of organic materials, concrete and metals. Each is elegant, yet cool and laid back in Californian style.

COASTAL

Coastal décor uses natural light, soft tones, and a clean aesthetic, that is meant to evoke the breeziness of a seaside retreat. Taking cues from the natural environment you will find jute textured accessories, earth toned wooden trays and server ware, layers of blues on pillows and rugs, crisp white decorative items that can all live together create a space that feels like summer year-round inside your house.
