# SonnemanHaus

SONNEMAN®
A WAY OF LIGHT

Welcome to SonnemanHaus: Where modern lighting meets contemporary living.

Sonneman celebrates the marriage of modernist design principles and contemporary living, with new creations from our Studio.

For 2024, we showcase the breadth of our designs to illuminate every space inside and outside the home with innovative, decorative architectural lighting — from iconic modern chandeliers for dramatic entry spaces, living and dining rooms, to contemporary luminaires for kitchens and bathrooms.

Our brand is built on the pioneering work of Robert Sonneman, who brought European modernist design principles of form and function to the art of lighting.

Today, our Design Studio, under creative direction of Nuno Pires da Silva, extends the ethos of modern design for contemporary living.
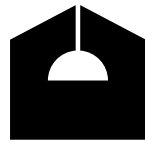

QB

QB's minimalist, wall mounted aluminum cube reframes space while projecting light up and down through a clear lens. This timeless geometric form is ideal for any architectural space, including living spaces, luxury bathrooms, and outdoor spaces. This collection can be scaled for larger residential, hospitality and commercial settings.

QB is IP65 rated, making it an ideal solution for outdoor locations.
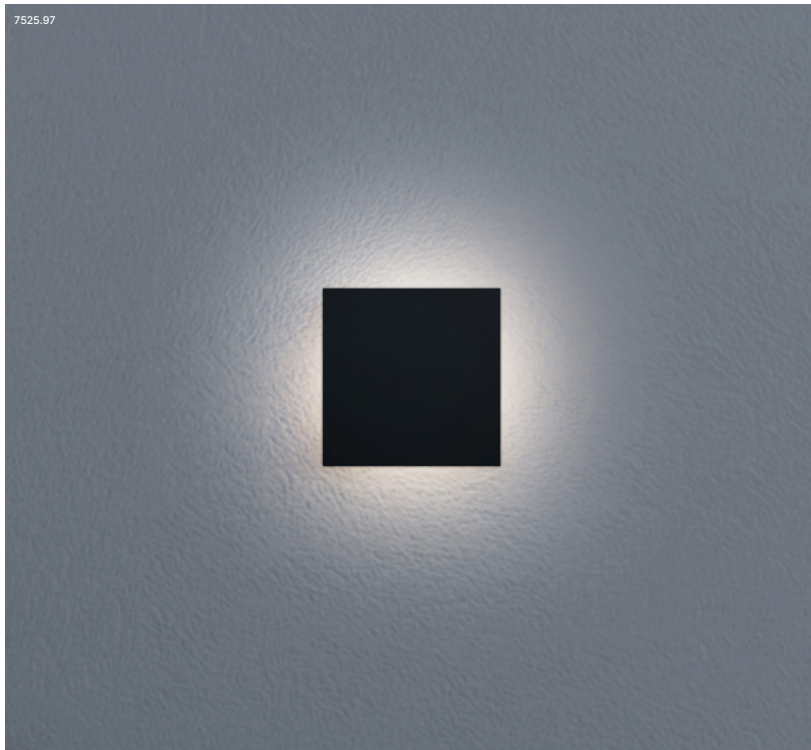

Materials:	Aluminum Body
	Clear Optical Lens (45deg)
Finishes:	◐ Natural Anodized .77
	● Textured Black .97
	○ Textured White .98

Typology:	Small Sconce 7520
Dimensions:	3.25H x 3.25W x 3.5ext
Electrical:	4.5W LED x 2
	500 Lumens
	3000K, 90 CRI
Typology:	Large Sconce 7522
Dimensions:	5.25H x 5.25W x 5.5ext
Electrical:	7W LED x 2
	750 Lumens
	3000K, 90 CRI

LP

Pared-down and straightforward, LP's refined, hard-edge wall mounted presence creates evenly diffused LED spatial compositions. This collection's indirect ambient light counters its round and square shapes and creates a halo effect against the wall or ceiling.

This timeless geometric form is ideal for any indoor or outdoor architectural space. This collection can be scaled for larger residential, hospitality and commercial settings. LP's IP65 rating paired with the subtle ambient light it projects make it an ideal collection for outdoor locations.

Materials:	Aluminum Body
	Acrylic Diffuser
Finishes:	● Textured Black .97
	○ Textured White .98

Typology:	Square Sconce 7525
Dimensions:	7H x 7W x 1.5ext
Electrical:	12W LED
	500 Lumens
	3000K, 90CRI

Typology:	Round Sconce 7527
Dimensions:	ø7.5 × 1.5ext
Electrical:	12W LED
	500 Lumens
	3000K, 90 CRI

Kaliko

A perfect statement of volumetric simplicity, Kaliko's design features two apertures that transform space with contrasting intensities of LED light emanating from the top and bottom of the fixture.

Kaliko can be scaled for indoor and outdoor residential, hospitality and commercial settings for an enduring modern presence.

Materials:	Aluminum Body		Typology:	Sconce 7530
	Acrylic Diffuser		Dimensions:	5H x 10W x 4.25ext
			Electrical:	25.5W LED
Finishes:	● Textured Black .97			1200 Lumens
	○ Textured White .98			3000K, 90 CRI

Base

Designed with order and structural efficiency in mind, Base wall mounted sconces accentuate architectural horizons with directed LED light.

This timeless geometric form is ideal for commercial, hospitality, and residential settings, including living rooms, hallways, bedrooms, and elegant bathrooms. Base can be scaled across larger settings for an enduring modern presence.

Materials: Aluminum Body
          Optical Acrylic Diffuser

Finishes: ● Textured Black .97
          ○ Textured White .98

Typology: Sconce 7535
Dimensions: 5H x 16W x 4.5ext
Electrical: 25.5W LED
             1800 Lumens
             3000K, 90 CRI

Mist

Crafted from etched glass that optimizes luminescence and subtle color, Mist produces a calming, free floating LED halo effect as light passes through the glass. This collection has three etched glass color options with round and square shapes.

Mist is ideal for a wide range of applications, from providing a sense of calming light in a modern bathroom to creating subtle elegance through a grand hallway.

7540.98M

| Materials: | Aluminum Body |

Scepter

Pairing the ancestral drop forge process of solid brass with simple white cased glass, Scepter bath bars and sconces deliver beautifully distributed LED light. Deco meets Modern design to create an elegant powerful presence.

This collection is available in three bold finishes for a luxurious bathroom. Scepter bath bars can be mounted vertically or horizontally beside or above a mirror.

Materials:	Brass Body White Etched Cased Glass		Typology: Dimensions: Electrical:	18" Sconce 3960 19.5H x 4.5W x 4ext 12W LED 800 Lumens 3000K, 90 CRI

Pi

Suspended as a Pendant, surface mounted and now available as a recessed mount, the architectural presence of Pi punctuates the less is more idiom of Mies. Pi Recessed Mounts have been designed with a Satin White finish in two diameters — 20" and 12".

Materials:	Aluminum Body
	Optical Acrylic Diffuser
Finishes:	○ Satin White .03

Typology:	12" Round Recessed LED Panel 3997.03
Dimensions:	ø14.75 × 3.75H
Electrical:	30W LED
	1800 Lumens
	3000K, 90 CRI

Typology:	20" Round Recessed LED Panel 3998.03
Dimensions:	ø22.5 × 3.75H
Electrical:	40W LED
	3000 Lumens
	3000K, 90 CRI

Typology:	20" Round Recessed LED Panel 3998.03-35
Dimensions:	ø22.5 × 3.75H
Electrical:	40W LED
	3000 Lumens
	3500K, 90 CRI

Referencing the industrial elegance of an H beam used in engineering and architecture, Lithe is designed to evenly distribute light in two directions.

This sleek and minimal collection is ideal for any modern space, including residential, hospitality and commercial settings. The family includes pendants and wall lamps in textured black, textured white, and natural anodized finishes.

Lithe Pendant

Materials: Aluminum Body
Acrylic Diffuser

Building on the minimally scaled LED Fino Bath Bar and Pendant design, Fino Duo signals graphic architectural presence with pairs of interconnected LED Fino metal bars. Ultra-thin and minimally scaled, these slender bars deliver powerful light symmetrically along a linear path.

Fino Duo Pendants are ideal above a kitchen island or long table, including dining spaces, conference rooms, and bars. A coupler kit may be ordered in conjunction with multiple Fino Pendants, to seamlessly connect multiple pendants together for larger spaces.

Fino Duo

Materials:	Aluminum Body	Typology:	60" Pendant 3779
	Acrylic diffuser	Dimensions:	60L x 5W x 8.75H
		Electrical:	30W LED x 2
Finishes:	○ Polished Chrome .01		3000 Lumens
	● Satin Black .25		3000K, 90 CRI

Juxtaposing formal structure with playful geometry, Ray offers an inventive array of LED luminaires with delicate arms and soft shades that come together to create a modernist statement piece. The chandelier design geometrically spaces light evenly around a space through three, five, or six luminaires.

Ray include a stem kit that allows the fixture to be installed at various hanging heights. Ray is available in three body finishes and five interchangeable shade finishes, including a signature Oxide Red finish.

Sultana

Sultana celebrates the luxuriously crafted, sculptural LED illuminated effect of hand-blown seeded crystal glass in dialogue with solid brass or polished chrome.

Sultana Chandeliers are available in 9-light, 12-light, and 24-light configurations, or can be hung as single pendants. This elegant fixture creates a statement in a dining room, entryway, lobby, or hospitality setting.

White
Suspenders

A delicately scaled, modular system of interconnected elements and suspended LED luminaires.

Suspenders can be configured and customized as individual lighting sculptures or as a tiered web of infinite scope and variety.

The Suspenders system harmoniously integrates functional and decorative luminaires providing the ability to add focused light or the soft of indirect illumination to a variety of lighting applications.

For 2024, we have expanded the functionality, performance, applications, and decorative options for the growing Suspenders system.

We are very excited to announce that we are introducing a white finish, height adjustability capabilities for newly designed luminaires, and new configurations that embrace softer shapes and organic patterns.

Height Adjustability Instructions
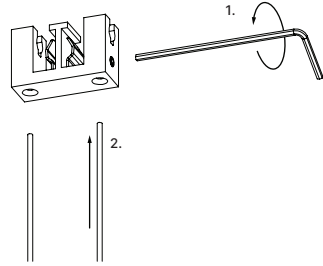

1. Turn set screw counterclockwise to loosen.
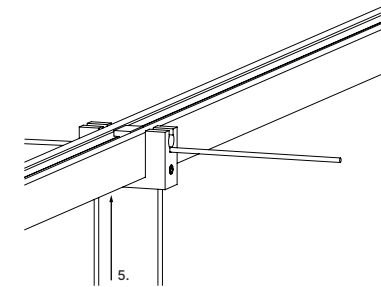

2. Insert cable through bottom of hanger.
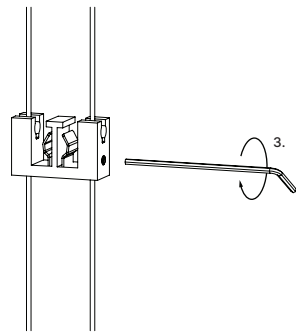

3. After setting correct cable length, turn set screw clockwise to tighten.
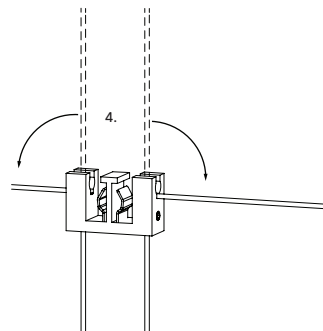

4. Bend both cables down into the side slots of the hanger.

5. Clip the hanger onto the bar from the bottom.

6. If necessary, make final adjustments to luminaire height by loosening the set screw, adjusting the cable, and tightening the set screw.

7. Snap the hanger cap onto the hanger.

8. Snip the excess cable.
