The Perfect Fit

Placing a Chandelier Above a Table

- Use a fixture that is 12" narrower than the width of the table
- Hang a fixture 30" above the table

Measuring is essential to achieving the perfect fit. Measure your space to help determine the ideal fixture size. The American Lighting Association recommends:

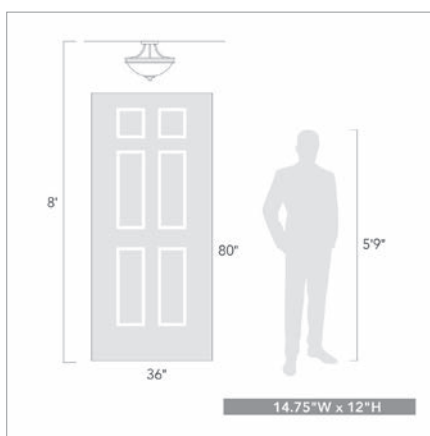

Placing Pendants Above a Kitchen Island

- Use one pendant for every 24" of counter space
- Use an odd number of pendants to create visual balance
- Hang pendants 30" above the countertop

Checking the Scale

Our scale reference images can help you get a better sense of how a fixture will fit in your space. Detailed dimensions and scale reference images can be found on the product pages of www.GoldenLighting.com.

Need additional chain or rods? Our chandeliers and pendants include 6 feet of chain or 3.5 feet of rod [(1) 6" rod + (3) 12" rods]. Contact our customer service team for more.

Saxon

Finish: Aged Bronze

The petaled frames of this traditional collection were inspired by the rosette window of the Smithsonian castle. The canopies and backplates feature mirrored glass segmented in the same pattern.

Dimensions and specifications in this catalog are approximate and based on the most current information possible at the time of publication. Golden Lighting reserves the right to make design changes and modifications without prior notice. Wattages stated are the maximum recommended; however, lower wattages may be used. Bulbs are not included unless otherwise noted. Larger fixtures may require reinforced outlet boxes and additional support. Receipt or possession of this catalog does not constitute an agreement to sell.

We strive to make sure the finish samples shown in this catalog match the actual finish of the product. However, finishes may vary due to the nature of handcraftsmanship.

Mini Pendant

Bijoux is a jewelry-inspired collection of industrial-chic fixtures. Partially exposed bulbs shine coily through hand-wrapped wire shades, lighting the lustrous faceted crystals. A dark Transitions in style, the fixtures are ideal for eclectic and contemporary room decor. This mini pendant is an eye-catching accent that can be used alone or arrayed in a group. Ideal for the kitchen, the mini pendant provides soft ambient downlight, illuminating a kitchen bar or countertop without interfering with activity on the surface.
