

LUCAS + McKEARN

Lighting Collection

Gilded Nola • Elstead Lighting • Flambeau

UK and USA partners Jonathan & Deborah Lucas and Joe McKearn are excited to present this new collection of lighting and accessories from three unique lighting companies.

Borne out of an old engineering and blacksmithing tradition, Elstead Lighting is a British company established in 1969. Nowadays they specialise almost entirely in decorative lighting, with the design and some manufacturing still taking place at their location in Alton, England.

Having such a long and rich social history gives English lighting a unique and eclectic design style. Elstead reflects many of these styles in their current portfolio. Today their products are sold in more than 50 countries worldwide, bringing a taste of the period British home to a growing audience.

Gilded Nola

As its name implies, the designs offered by Gilded Nola are inspired by the decorative elements of the city of New Orleans. World-famous for its abundance of unique architectural styles, which reflect the city's historical roots and its multicultural heritage, New Orleans offers a plethora of inspiration around every corner.

Gilded Nola celebrates the city's fashion style utilizing the finest components and finishing materials in the construction and build of its distinctive line. The initial collections feature mixed media including metals hand finished in luxurious gilded gold and silver.

Combining art and design with intriguing function, the designers at Flambeau have created a stunning collection of luminaires, accent furniture and decorative accessories.

Flambeau showcases the works of renowned New Orleans designers Paul Grüer and Elaine Gleason, as well as Baton Rouge sculptor, Benjamin Burts. Each designer and artist has united sophisticated forms and shapes with distressed finishes of gold and silver patinas to create 21st Century antiques.

With meticulous attention to detail and quality manufacturing, Flambeau's lamps, chandeliers, pendants, sconces, accent furniture and accessories will add a touch of intrigue and whimsy to any room. Flambeau designs are often the conversation piece in the most distinctive residences and corporations around the world.

GILDED NOLA

An elegant collection of portable and fixture lighting, including metals hand finished in luxurious distressed gold and silver. Ideal for bringing a touch of glamour to any room.

ABOUT THIS RANGE

Arabella has a beautiful distressed gold metal outer shade with a cream linen fabric shade and glass diffuser to soften the light. The pendants are duo-mount to semi-flush fittings which allows the rod stem to be shortened to accommodate rooms with low ceilings. The half moon wall sconces are great for compact rooms and corridors. This range is ideal for retrofit LED lamps.

ABOUT THIS PRODUCT

"Years of walking down Royal Street in the French Quarter, seeing elegant French antiques and palm trees hidden behind garden walls, has inspired the Mignon chandelier. A subtle mix of the time worn textures and quietly elegant shapes has come together to give a hint of the secret luxury of times gone by." - Paul Grüer
