Chandeliers

IN THE ABSENCE OF LIGHT THERE IS NO COLOR...

Decorating a home involves many factors, and the most overlooked is light. The statement, "In the absence of light there is no color", represents an opportunity to ensure that all of the efforts to decorate the home are presented properly through lighting.

Chandeliers are the most recognizable element and create a dramatic mood for the home. Chandeliers are widely used in areas of the home that previously had not been considered.

Make a bold statement in a master suite with a beautiful chandelier.

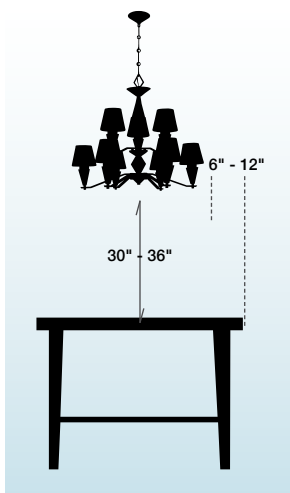

Chandeliers represent style, warmth and the most important source of light in any setting. The eye is automatically drawn towards light, which means a chandelier will truly stand out. We recommend that a statement of style in conjunction with your décor be made with a chandelier.

Replace a table lamp with a Mini Chandelier anywhere.

The Minka Group® has created a myriad of styles, sizes and shapes of chandelier to suit any décor and room setting. Mini chandeliers have become the fastest growing trend in the lighting industry. Popular locations for mini chandeliers are bedrooms, bathrooms, hallways with higher ceilings and kitchens. You can create a luxurious look reminiscent of the finest European castles. Kitchens can be dressed up and still be functional when placing chandeliers over islands and peninsulas. A grouping of chandeliers in a hallway with high ceilings creates a dramatic effect.

Mini chandeliers have become the fastest growing trend in the lighting industry.

When hanging your chandelier in your dining room allow 30 to 36 inches from the bottom of fixture to top of your table. Your fixture should be three quarters the width of your table. Also allow 6 to 12 inches from the edge of the fixture to the edge of your table.

The entry is where the world comes to your door. The Minka Group® has provided a tremendous variety of styles, sizes and finishes that allow you to create a design statement.

Ainsley Court

Ainsley Court will add a classy design element to your transitional styled home.

Textured earthen brown and brushed brass finish calls attention to it's design detail, while the ribbed glass shades element is a nod to a simpler time.

Uptown Edison

Classic simplicity of design and functionality. The Uptown Edison collection takes an early minimalistic approach to frame and fixture design, coupling it with the Edison restoration lamp source. Combining cable and rods, Uptown Edison offers a unique approach to lighting from another century.

Clarté

Canopy Detail

Artists and craftsman sometimes have those special moments of clarity when an idea can be seen fully complete in the mind's eye. Clarté by Minka-Lavery® is such a vision. With bold silhouettes, White Iris glass and Chrome finish, this vision becomes reality in this striking transitional series.

Warranty and Disclaimer

MINKA-LAVERY®

- Minka-Lavery® will warranty only product sold through authorized Minka-Lavery® dealers.
- All products depicted in this catalog, when properly installed, are UL or ETL Listed (portables excluded).
- Fixtures over 50 pounds must be supported independently of the outlet box. Consult a qualified electrician/installer.
- We strive to make sure each finish matches the colors which appear in this catalog; however, finishes may vary due to various chemical processes and the nature of hand applied finishes.
- We reserve the right to make design changes and modifications without prior notification.
- Size and finish specifications on all product in the catalog are subject to slight variations due to manufacturing processes. Photographs are close representations to the actual products.
- All product and glass are inspected before packing. However, due to variations in hand applied finishes, variations due to hand blown and seeded glass, and inconsistencies in natural materials, slight variations may occur that are acceptable and meet our quality control standards.
- All portables are California Title 20 compliant.
- Bulbs not included unless otherwise noted.
- Wattages stated are the maximum recommended; however, you may use lower wattage lamps to suit your lighting needs.
- All electrical products are rated as 120-volt, AC unless otherwise noted.

Many of the products in this catalog have the Energy Efficient logo. This identifies lighting that uses 2/3 less energy than conventional lighting and lasts 6 to 10 times longer.

WARRANTY - All products in this catalog, other than our LED fixtures which has a limited Power Supply warranty (Module, PC Board Diodes and Drivers) for three (3) years, are warranted to be free of defects in material and workmanship for one (1) year from date of purchase. This warranty is limited to the correction of any such defect, or the replacement of any such defective item, provided that: (a) item(s) was (were) purchased from an authorized Minka Group® distributor; (b) we are properly notified and consent to the return of the item(s) in question; (c) the item(s) is/are returned with proof of purchase date; and (d) it is found upon inspection by us that the item(s) is/are defective as noted above. This warranty does not cover labor costs, consequential damages, nor does it apply to any item(s) that has/have been improperly installed, overloaded, altered, or otherwise abused by the customer, its agent(s) or employee(s).

Product specifications are subject to change at any time.

GENERAL CONDITIONS – Minka-Lavery® may terminate its business relationship with any dealer that fails to maintain adequate stock of Minka-Lavery® product. Further, Minka-Lavery® may cease selling product to any dealer that sells or distributes to an unauthorized dealer for resale purposes.
