# Neutral Notes

Toned down, yet transformative, subdued accents can give your abode an unassuming charm; modern meets rustic with the Astoria chair, concrete and metal form an industrial appeal in the Carlton table lamp, and a smooth surface with whimsical swirls create a hypnotic effect in the Moon Mist vase collection.

# *Magnificent*

MID-CENTURY

Geometric inspiration and Art Deco influence in our collection will evoke a 1950's era Bauhaus design. Our selection of Mid-Century Modern lighting combines simplicity with refinement in the sharp, metallic finishes and basic, minimalist shapes. The damp listed Hyperion pendant and Acropolis table lamp are just two examples of fixtures that can provide your space with an energetic integration of nostalgic-modernism.

# *Creative*

COSMOPOLITAN

A modern upscale look that combines contemporary and colorful is a go-to style for today's urban home. The Mescolare vases offer a great abstract appeal, thanks to their fluid surface design and irregular shape. The twists and turns of the Adele sculpture provide an exquisite artistic aesthetic, perfect for an updated fresh look.
