VOLUME 5

Since 1987 Z-Lite designers and artists have been creating high quality lighting fixtures combining modern methods and materials with old world craftsmanship. Choose from traditional, contemporary or original one-of-a-kind fixtures to compliment your decor.

Whether you are searching for the perfect light for your home game room or for your pool hall, Z-Lite can help you with your selection. Over the years, we have designed single fixtures for individuals and also multiple units for pool rooms, bars and restaurants. From the colour of the fixture to the length of the wire, chain or rod, Z-Lite will help customize your selection.

Z-Lite has 2 light, 3 light, and 4 light billiard fixtures for your standard size table in stock. This catalogue shows a vast array of fixture bar configurations coupled with many different shades in traditional and contemporary stylings, up-to-date with today's trends and styles. We have shown a number of the many shade and bar combinations, but keep in mind as you look through our selection, that nearly all of our shades are interchangeable.

To compliment our many billiard fixtures, we offer matching fixtures for the walls, halls, card tables and bars. In fact, we offer a full line of lighting fixtures for the interior and exterior of your entire home. Ask your local dealer to see our catalogues or visit [www.z-lite.com](http://www.z-lite.com).

At Z-Lite, we pride ourselves on our quality, selection and customer service. If you require our assistance, please call 1-800-681-9943.

# How to hang your Billiard Light

Pool table lights are a must-have whether you are a novice or a veteran. Pool table lights are designed to provide you with a well lit table. Properly hung pool table lights are just as essential as a level table and a straight cue.

## The right height for pool table lights

Despite the fact that pool table lights are designed to provide optimal light for play, determining the proper height to hang them is imperative. If hung too low, they can be accidentally struck and if hung too high the lights will shine directly in a player's eyes.

Generally speaking, hanging billiard lights about 32"-36" above the bed of the table is about right, but here are some additional guidelines to determining the proper height to hang them.

The bottom fixture of the pool table lights should be level with the bridge of the player's nose.

Remember, the function of billiard lights is to illuminate the table, not the entire room. The edge of the field of light produced by the lights should line up with the edge of the table.

Always centre billiard lights.

## Method of Hanging

We recommend hanging chain hung fixtures with the chains at more than a 45 degree angle (to the bar). Chains hung at less than a 45 degree angle can cause undue stress on loops and possible failure of such loops resulting in damage to the table. If your ceiling is too low for the chains to be at a 45 degree angle (to the bar), we recommend using swag hooks on the ceiling and swagging the chain/cord over to the power outlet.

# Ellipse

Gleaming Chrome or Bronze offset the soft light created by the Matte Opal glass shades sitting atop the falling arched arms. Beautiful Chrome or Bronze arcs flow across the bottom of these fixtures to create a soft contemporary look.
