

 **VANTEAL**
THE ART OF LIGHTING & ACCESSORIES

2018

Gold Rush | 723881
74" H | Pacific Sunset Finish
Clear Polished Acrylic | 15" x 15" x 4" Shade
 

40 YEARS IN THE MAKING

Van Teal continually strives to redefine lighting by blending timeless design, art and contemporary styling with a unique and eclectic look that resonates in any home. Many companies follow trends and styles; however, we choose to set them and ensure our collection of unique lighting and décor will integrate seamlessly into contemporary, traditional, transitional or modern settings.

Van Teal, founded in 1976 by Cuban born artist Hivo Van Teal and his wife Estela, originally focused on acrylic décor. As demand for Hivo's unique designs quickly grew he decided to give his creations not just beauty but functionality, thus creating Van Teal Lighting. Today, after 43 years in business, what started as an artistic venture between husband and wife has grown to include their children, grandchildren, extended family, longstanding employees and a dealer network spanning the globe. We invite you to be part of that extended family and present our [2018 Spring collection](#).

ACRYLIC FINISHES

PRO TIP: If you can't pick just one, select multiple solid acrylic finishes and we'll make a custom gradient.

METAL FINISHES

Finishes represented in this catalog have been digitally produced with high resolution but due to the handcrafted nature of our finishes, some may vary slightly.

Don't see what you're looking for? Ask us about a custom color.

MADE BY US

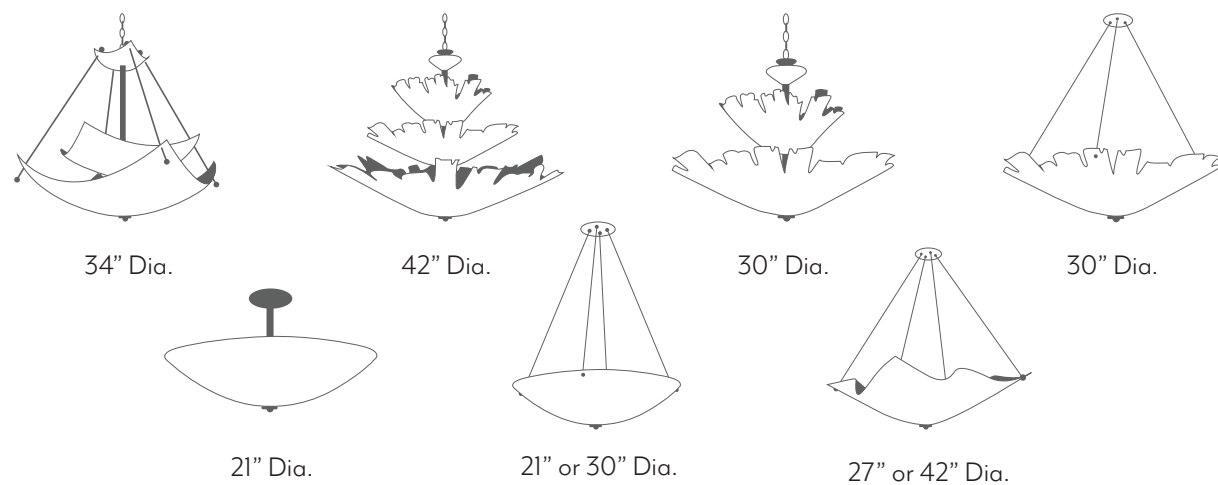

DESIGNED BY YOU

VAN TEAL CUSTOM PROGRAM

Design is in the details.

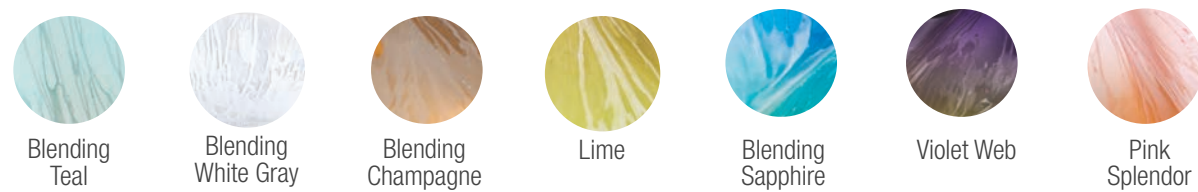

When designing is your passion, getting the details right is a priority. A collection of select frames can be tailored to suit your style and space.

Silhouette. Start off with the perfect shape and size.

Metal. Pair the frame with your choice of a plated or painted metal finish.

Finish. Tie it all together with a hand-painted blending finish.

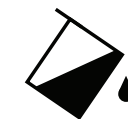

FREIGHT

We recommend this product ships via truck freight.

ASSMEBLY

Some assembly is required (but no handywork expertise necessary!)

CUSTOMIZE

Looking for another finish? Our in-house design team can help you customize it.

*Regarding items not marked customizable, custom color changes on table lamps, torchieres, floor lamps and wall sconces are available in quantities of 25 or more. Contact customer service for such inquiries.
