Kristall 8 Pendant w/ Smoke Glass, Satin Nickel Finish

The Pape is a broad handcrafted glass, with distinctive ridges, softly radiused to fit gracefully into contemporary spaces. Our Glitter option is a clear blown and a technologically advanced crystal coating applied to the inside. The coating contains multiple micro-layers of glass particles that create unique prismatic optical properties, which effectively alter both the reflected and transmitted light. So unlit, it appears like a frosted glass; when lit, it becomes alive with dazzling light effects.

NICO 5

The Nico 5 Vanity is a contemporary bath design, employing a softly radiused housing and sparkling textured shades. Our Stone glass is a blown glass with an outer texture of coarse sandstone. Inspired by the elements of nature, the appearance of the surface resembles the beautiful cut patterning melting ice over a rock formation
