1 Secure the mounting plate to the junction box.

2 Connect the fixture to a suitable ground in accordance to local electrical codes.

3 Connect the white fixture wire to the neutral power line wire with a wire nut.

4 Connect the black fixture wire to the hot power line wire with a wire nut.

5 Align and place the fixture base onto the mounting plate studs and secure it with the two cap nuts.

6 Screw the lamp into the socket. Refer to the label on the socket for Max Wattage Information.

7 **For Model 83387_1:** Install the shade to the fixture and secure it in place with the fixture screws. **Skip to step 9.**

8 **For Model 84387_1:** Insert shade studs into the fixture and secure the shade in place with the cap nuts.

9 **For wet locations,** caulk around the base of the fixture with waterproof construction sealant.
