

ASSEMBLY INSTRUCTIONS

ITEM NO.: M30010BB

B → E → C → A → D → Bulb

1. Carefully unpack and identify all parts referring to illustration for parts identification.
2. Turn the power to the installation point **OFF**.
3. Thread the center tube (B) into the nipple at bottom of loop assembly (E). Repeat the process for remaining center tube (B) as shown in the diagram, until snug.
4. Install the socket assembly (C) to the bottom of the center tube (B). Hand tighten until snug.
5. Attach the loop assembly (E) to the light shade (A) and fix them with screws (D).
6. Referring to the installation instruction with the product for the wiring and installation.
7. Install proper bulb (not provided) to each socket referring to the markings and / or labels on the fixture for maximum wattage.
8. Retain power to the installation point ON and retain this sheet for future reference.
