Install the Fixture

IA

- 1** Connect the fixture to a suitable ground in accordance to local electrical codes.
- 2** Connect the white fixture wire (square and/or rigid) to the neutral power line wire with a wire nut.
- 3** Connect the black fixture wire (round and/or smooth) to the hot power line wire with a wire nut.
- 4** Secure the fixture to the post with post screws.
- 5** Screw the lamp into the socket. Refer to the label on the socket for Max Wattage Information.
- 6** Place the shade into the fixture.
- 7** Align the holes on the top cover to holes in the fixture, place the cover over the shade, and secure it in place with the cover screws.
