## VIOLET CANDLE HOLDERS, SET OF 3

9635

Tinted Crystal Contract Suitable As Is Inspired by the enthralling designs of our Gemma Collection, we've created this tri-set of crystal candleholders. The champagne and smoke finishes on the diamond-like facets creates an arresting blend of elements and colors. The defined edges are highlighted by the contents of a taper candle. When grouped together, this set creates quite the lustrous trifecta.
