GENERATION LIGHTING

7400 Linder Ave., Skokie, IL 60077 T 847.410.4400 | F 847.410.4500 www.generationlighting.com

# Install the Fixture

- If necessary, screw the shorter end of the threaded nipple onto the mounting plate, then secure the mounting plate to the junction box.
- 2 Connect the fixture to a suitable ground in accordance to local electrical codes.
- 3 Connect the white fixture wire to the neutral power line wire with a wire nut.
- 4 Connect the black fixture wire to the hot power line wire with a wire nut.
- 5 Neatly place the wires into the junction box, mount the fixture base onto the threaded nipple, and secure it with the cap nut.
- 6 Place the shade onto the socket, then secure in place by screwing the collar nut onto the socket
- 7 Screw the lamp into socket. Refer to the label on the socket for Max Wattage Information.
